

Standardized Assessment Workgroup

June 2019

Agenda

1:00 – WELCOME, REVIEW, AND FOLLOW UPS (NICOLE)

1:15 Description: We will review the scope and focus of the Needs Assessment Workgroup.

1:15 – STATUS/UPDATE (JENNIFER)

1:30 Description: We will review decisions that have been made already, decisions that remain to be made, and provide a status update on some of the current processes.

1:30 – COMMUNICATION STRATEGY(JENNIFER)

2:00 Description: Discuss the current outreach to keep all stakeholders informed about the process. Share strategies on how to solicit input/share what's happening in the workgroup.

2:00 – OPEN COMMENTS SECTION

2:15 Description: Time set aside for non-participants to pose questions to the group and/or make comments.

In Scope

- **Explore** alternative standardized assessment tools
- **Make a recommendation** for the uniform, standardized tool that will determine what services individuals need.
- **Identify** the needs for transitioning to a new tool.
- **Develop** a process for implementing a new tool.

Not in Scope

- **Consider** an algorithm for translating the services identified by the tool into a monetary amount.
- **Design** the payment mechanism by which providers are paid for services.
- **Explore** how provider agencies will report to the state.

Reviewing the Scope of Work

Scope of Work: Explore alternative standardized assessment tools

**A Needs
Assessment
Tool should
be:**

- Valid, reliable, and consistent
- Person-centered
- Able to guide and inform our processes
- Reasonable to implement
